

ECO CERTIFICATE GRÜNER PUNKT

By participating in our dual system
for recycling of sales packages, the company

**Melitta Professional Coffee
Solutions GmbH & Co. KG**
32429 Minden

in 2018 contributed towards saving:

	108 t CO ₂ equivalents
	39 t crude oil equivalents
	381 kg phosphate equivalents
	15,762 GJ primary energy
	827 kg sulfur dioxide equivalents

The CO₂ saved corresponds to the amount produced if 2,892 passengers would take a round trip on the train from Düsseldorf to Schwerin (calculated through ecopassenger.org).

Recycling reduces greenhouse gases and as such is an important contribution towards climate protection. Der Grüne Punkt publishes its annual balance of environmental performance since 2001 which confirms this positive effect on the environment. The environmental performance balance is regularly reviewed by the experts from IFEU in Heidelberg.
